In his new book 'Reimagining Britain', Archbishop Justin Welby writes that the values we find in our Christian heritage will help us build a future on foundations of hope.

"In writing Reimagining Britain, I've tried to make a personal contribution to the challenge I believe lies before us: reimagining our future at this critical time in the life of our country. It's my belief that the values we find in our Christian heritage – compassion, generosity and solidarity, to name a few – offer a source of hope and wisdom for Britain in the 21st century, even as we rightly embrace who we are becoming as a multi-faith and multi-cultural society."

Loretta Minghella, OBE

"What is the UK for? How can its abundant history and diverse present converge to create a flourishing future? With an astonishing range of understanding and a perspective both global and granular, Justin Welby identifies values that are true to our heritage and fertile for our hope...
